Miss Jessie Burton will have charge of the Crescent City department of the News during the next two months or more and the management bespeaks for her the kindly assistance of the people that she may make this department thoroughly newsy, something it has not been of late for various reasons.

Hon. James R. Howe of Brooklyn, N. Y., and former member of congress from that city, is again at Grove Hall for a season. Mr. Howe is the owner of much property in this place, a portion of which has been divided into lots and is being disposed of through M. H. Read's agency. The people of Crescent City are always glad to see Mr. Howe.

Mr. and Mrs. J. H. Samuels of Moline, Ill., arrived on Sunday and are guests of Mrs. F. S. Crotty. Mr. Samuels owns grove property a little south of town, but has not visited this section in several years. His old friends are pleased to welcome both himself and Mrs. Samuels, and their little daughter.

There is some fun ahead. "The Young Ladies Single Blessedness Debating Society's annual convention" is the name of the next entertainment billed for V. I. A. Shelby's circus and trained animal show gave two exhibitions in the South Park, opposite the South-Beld Hotel, last Saturday, both afternoon and evening performances being well attended. You see it isn't often that Crescent City people have an opportunity to see the "clephant go 'round and 'round' in the circus ring and they generally availed themselves of this opportunity. The show was an unusually good one. Capt. John D. Pigue towed the show to Palatka on lighters Sunday and Monday, the last load going on Monday. Several cages of left to. Hon, J. H. Deafness Cannot Be Cured

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an innamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Pollars for any case of Deafness (caused by catarrh; that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Danuse Valley.

The valley of the Danube is probably the original home of the prune and plum. Not only do they grow wild, but, what is more, nowhere in Europe do they reach such perfection, and, desplie the competition of France and California, Bosnia and Servia still furnish the greater part of the world's prune supply. Prunes and figs are the two chief sources of wealth of these Balkan states, for after the people have sold all the prunes they can for export they feed the rest to the pigs or distilt them into prune brandy.-Providence
